

Highlights of the Week

Our Halloween parade was a hit. It was so fun to seeing all the children wearing their fun and colorful costumes. Thank you to all the parents that help to make this a great event. We are already in a new month. The month of November is a wonderful month to remember those serving in our military and give thanks with family and friends.

Practical life area: The children were all given the opportunity to make orange juice by using a juicer. Stringing beads and folding scarfs were added to the shelf.

Math area: one to one correspondence and table top rods were reintroduced. Calendar work is continuing to be used. Creating patterns with various objects and our bodies.

Language area: Alphabet matching and Alphabet order was introduced. Some children are using the moveable alphabet to create new words and sentences.

Sensorial area: The binomial cube was presented. This work aids the child's mathematical mind (visual discrimination) and prepare the child for later algebra and geometry.

Art area: The children enjoyed making bead pattern necklaces for Halloween.

Daylight savings time this weekend

Dr. Maria Montessori's Words:

"The goal of early childhood education

Should be to activate the child's own

Desire to learn."

Reminders:

- First Marking Period ends November 10th
- Parent/Teacher Conferences *(**No School**, child care provided for FD/EXD students only) November 17th
- Thanking giving break November 23-24th (**No School**)

Home/School Connection

Cold weather will be with us until spring. We will try to get outside as many days as possible. It is important for students to get outside and use large muscle skills. Please make sure that your child has the appropriate outside clothing. Please check to make sure that your child has a change of clothes for this weather.
