

Highlights of the Week

Dear Parents,

Hello and welcome to Mulberry classroom, school year 2017-2018! In this class we will work on self-helping skills, small and large motor skills, language, math, science, geography, communication, and several other cognitive and social skills. We will cover these areas using a variety of methods to ensure that learning is always fun and interesting for your child. For those of you, who have a child entering the school, for the first time, get ready! You will be amazed at the amount of learning that takes place.

We are excited about our strong team. As a team and as an individual, our first priority is your child's education and well-being. We will work methodically to be sure that each child receives the greatest benefits of our educational program.

Happy fifth walk around the Sun, Laurent !!!!!

We had our first birthday celebration, which was a perfect time to introduce our Solar system. When a child holds the globe—Our Earth and walk around the Sun, passing each month, thus give children the visual impression of how planets orbit around the Sun.

We look forward to working together as a team—student, teachers and parents—and having a successful year.

Dr. Maria Montessori's Words:

“Montessori is an education for independence, preparing not just for school, but for life. ”

Maria Montessori

Home/School Connection

*The Folder should be brought to and from school each day. It will include things that your child will have done throughout the day, notes from teachers, notice from office etc.
Please check and empty it daily.*

Please label your child's lunch box every day as it is required by licensing. Also label your child's Water bottle as so often they are very similar.

Reminders:

- Family Social September 15th, 4:00PM-5:30PM
- Curriculum Night September 22nd
- Blake Apple orchard field trip October 6th
- Whole School Portraits October 19th
