

Natural or Manmade Management Plan

Directions for evacuating due to flood (due to seasonal thaw or ice jam):

- Listen to the radio or television.
- Over the phone intercom you will hear: the school director will announce to **move immediately to higher ground (Over the Hills by the dumpster)**.
- The teachers will gather the children calmly, make a single file and exit to the designated area outside.
- If there is any possibility of a flash flood, move immediately to higher ground. Do not wait for instructions to move.
- The teachers will do a roll call.
- The school director will contact the families immediately.

Directions for snow storm/icy condition/ blizzard:

- The school director will listen to the weather and school closing authorities.
- School will remain closed if the weather forecast calls for severe weather, school closing will be posted in all the media.
- Email all the parents, school phone voice mail will be switched.
- School closing be posted in the school website

Directions for earthquake:

- The School Director will announce over the intercom that there is an earth quake:
- If you are indoors...Stay Safe When the Shaking Starts
- DROP, COVER and HOLD ON. If you are not near a desk or a table, drop to the floor next to an interior wall and protect your head and neck with your arms. Avoid exterior walls, windows, tall furniture, large appliances, cabinets filled with heavy items, hanging objects and mirrors.
- If you are outdoors...Move to a clear area if you can do so safely; avoid buildings, power lines, trees and other hazards. Always assume power lines are live.
- Parents will be immediately contacted.
