

## PEST APPLICATION NOTICE

**Date of Posting:** Wednesday, September 12th 2018

**Date of Application:** Week of September 17<sup>th</sup> - 21<sup>st</sup> 2018

**Purpose of Application:** Pest control treatment

**Location of Application:** Lawn

**School Contact Information:** Neha Ved (734)405-2345

**Pesticide Name:** Bifenthrin

**General Information:** *National Pesticide Information Center: The National Pesticide Information Center (NPIC) is based at Oregon State University and is cooperatively sponsored by the University and EPA. NPIC serves as a source of objective, science-based pesticide information on a wide range of pesticide-related topics, such as recognition and management of pesticide poisonings, safety information, health and environmental effects, referrals for investigation of pesticide incidents and emergency treatment for both humans and animals, and cleanup and disposal procedure. A toll-free telephone service provides pesticide information to callers in the continental United States, Puerto Rico, and the Virgin Islands. Additionally, pesticide questions and comments can be sent to an e-mail address. The Web site has links to other sites and databases for further information. NPIC hotline:1-800-858-7378*

**Poison Control Number:** 1-800-222-1222

*All pesticides used for this program are registered for use in schools by the US Environmental Protection Agency (EPA) and are applied in accordance with the EPA approved label instructions.*
