

Hello,

It's so great to return to Schoolhouse Montessori Academy this year. I have worked at Schoolhouse Montessori Academy before from 2008 – 2018. Leaving was a difficult decision as my mom was sick with cancer and my dad needed help to take care of her. After my mom passed in early 2019, I returned to work in the Education field as an Office Manager at a Lutheran Child Care facility in Birmingham and Admissions/Executive Assistant at the Academy of Sacred Heart in Bloomfield Hills.

I am married with two children. I have a soon to be 19-year-old stepdaughter and a 7 ½ year old daughter. My 7 ½ year old is my little buddy, she and I do everything together. My hobbies include gardening which I acquired from my mom. She would do these amazing flower beds in her yard and now my yard is covered with flowers every summer. I also have a passion for cars and my favorite is the Ford Mustang. I bought my Mustang when I was 21 years old but as a family man with children, it sadly was replaced by a minivan. I am excited to be at Schoolhouse Montessori Academy, and I look forward to meeting you and getting to know you all. It's fun to work with old co-workers again and see some familiar family faces as siblings are now attending Schoolhouse.

Sincerely,
Paul Dwyer
Admission Coordinator
